Dear Vendor:

First of all let me thank you for your interest in Faith Fest. We are really excited about this year's fair and hope that it is a success for you as well. We are going to do our best to make this fair fun, easy, and enjoyable not only for ourselves but for you also. We are doing our best to make this event something that everyone can enjoy! So here is a list of helpful tips:

- Setup is on Saturday from 7:00 - 9:30am. We ask that you unload your products at your booth and please move your car/truck to the designated crafter parking as soon as possible but no later than 9:30am as we will be closing the roads in the front of the church to keep our attendees safe!
- If you wish to set up your tent on Friday we will be available for you to set it up from 2-6pm. We do not have night security to protect products so if you wish to leave your products in your booth we recommend you have sidewalls on your tent.
- Upon your arrival please proceed to the Information Booth to get your paperwork and any pictures you gave us along with location of your booth.
- If you paid for electricity at your booth please be sure to bring at least 1 50-100' cord.

We have received your registration and you are confirmed for the space(s) you requested. When you come for setup there will be a small packet of material for you which will include your receipt and badges. If you offered to donate a percentage of your earnings we will need to check out at the information booth between 4:30 and 5pm before you leave. A receipt will be provided to you for your donations to Faith Fest. Remember since you are giving to a Church your booth space and your donations are 100% tax deductible!

We do ask that you do not pack up your booth before 4:30 for protection of our attendees of the festival. The road to the craft area will be blocked off until 4:30 which at that time we will be able to allow a few vehicles in at a time to pack up. There will also be an access road available for some vendors to be able to load up at. Please remember that just because the craft area will be closing at 5pm that does not mean that you have to leave. You are welcome to stay as long as you would like at no additional cost. There is a national recording artist taking the stage at 8pm which should draw a large crowd! This event runs until 10pm so please feel free to stay. Also please be sure to clean up your area of any trash before you leave the festival grounds this is church property and we do want the grounds to look good for Sunday services.

We have flyers all over Winder; the show is listed in many craft fair websites and on radio stations community calendar along with advertisements in the local area newspapers, banners are on the front lawn, we will also be on Talk of the Town show on channel 24 (Winder Station), and also you will be able to hear commercials for Faith Fest on 104.7 The Fish, if you do not get the fish in your area you can access listen on line at www.thefishatlanta.com.

We are looking forward to a LARGE crowd! We made some changes to our layout of the grounds to be sure that everyone sees everything and benefits the crafter area. The parking area for our attendees will be on the left side of the church and the back. They will then come around through the craft area to get to the food and stage area. They will then have to pass over the KidZone and Food area to get to the Big Stage which will be located in front of the Fellowship Hall. There will be information on our website with grounds view and crafter view. You can also see your booth number and location of the booths on the website. Once your booth number is listed you can look at the crafter view and see where it will be located. If you have any questions regarding this please feel free to call me.
